ABOUT US

Hendrik Van Wyk Vervoer is devoted to providing leading transportation and logistics services throughout Southern Africa.

With a thorough understanding of the volatile nature of this industry, we have been operational since 1989 and have a vast and in-depth understanding of transportation.

Operating from premises situated in Randfontein, Gauteng, South Africa, the business has a fleet of 110 new Mercedes-Benz heavy duty trucks. The fleet ranges from Tautliners, Side-Tippers, Tankers and Brick Trailers, making sure that we meet the specific industry need of our diverse client base. The facilities comprise of a modern workshop (which can serve 10 vehicles at a time), an administrative building, bulk underground diesel tanks and a 40 000 square meter parking area.

All our trucks are always kept in a fully roadworthy condition. Every vehicle is strictly serviced after 50,000 kilometres by Mercedes-Benz through a maintenance agreement which prevents any delays on orders that must be fulfilled safely, and on time.

Each driver is intensely evaluated and tested on his driving skills and re-evaluated on a regular basis. Our staff is one of our most precious assets and we pay a lot of attention to their well-being.

The fleet is on 24-hour surveillance. Every vehicle is fully equipped with a reliable driver, tracker system and cameras to identify movement, route, speed and stops at all times. All this information ensures that our fleet controllers know exactly where each vehicle is and to prevent or anticipate any potential problems.

We make use of reliable clearing agents to supply, the necessary and correct cross border documentation to prevent any delays or difficulties while crossing the borders.

Reliable

Our reputation of Christian values, honest trading, on-time service and reliability will successfully move your business through the challenges facing the transport industry of today.

Clean Reputation

When you partner with Hendrik van Wyk Vervoer, you are partnering with a business that's been in existence for over 30 years. We are here to take away the stress of delivering to your customers and leave you with a well-earned sense of confidence that we will take care of you. No more calling around to find a carrier that can handle your freight.

Dedicated Team

The owner Henk's mobile number is printed on all trucks, and this confirms his hands-on management style and zero-tolerance policy. Feel free to get in touch at any time!

Tracking & Safety

Henk van Wyk Vervoer makes use of modern technology to always know where their vehicles are and to prevent, overcome or to help timeously in the event of any potential problem. The fleet is on 24-hour surveillance with the help of a satellite tracking device. Every truck is equipped with a reliable driver-tracker system to identify movement, route, speed and stops.
